

Wood-Fired Bagel Cafe

1538 12th Avenue, Seattle WA 98122

by Mike Selinker

"The more books, the more wisdom," says the Jewish proverb, and here we are left to wonder what might have been. When Boris Pasternak writes *Doctor Zhivago*, or Margaret Mitchell writes *Gone with the Wind*, and then never writes another novel, we want them to know we would welcome another work from them. Here are seven more authors who penned one classic each, then abandoned the novel form forever.

ACROSS

- 1 The alphabetical gamut
- 5 It scores on a bell from 120 to 180
- 9 Eighteen-wheeler
- 13 It follows "Que" twice in a song title
