

Wood-Fired Bagel Cafe

1538 12th Avenue, Seattle WA 98122

by Mike Selinker & Gaby Weidling

The holiday Shavuot is commemorated with widespread feasting on cheese. Whether in blintz or cheesecake form, or simply sliced from a block, the cheese symbolizes the Land of Milk and Honey that was waiting for the Jews after their desert journey. Here, some cheeses are hidden in plain sight, though like Swiss cheese there are some holes indicated by the black squares. In alphabetical order the nine cheeses' word lengths are:
