

Wood-Fired Bagel Cafe

1538 12th Avenue, Seattle WA 98122

by Mike Selinker

Social commenter Fran Lebowitz notes, "Children ask better questions than adults. '[17-Across],' '[39-Across],' and '[62-Across]' are far more likely to elicit cheerful responses than 'Where's your manuscript?', 'Why haven't you called?', and 'Who's your lawyer?'" Mature queriers might pass them off as known quantities, and may miss the point. Fill in the brackets above and you might feel you're asking the right questions again.
